

1. Choose "Let's Start".

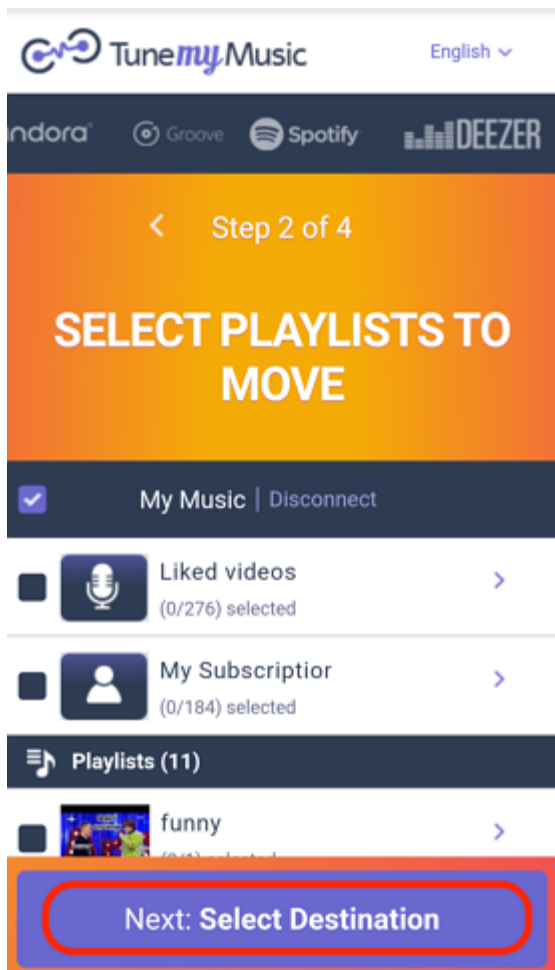

2. Select the source platform. In this case, we chose YouTube.

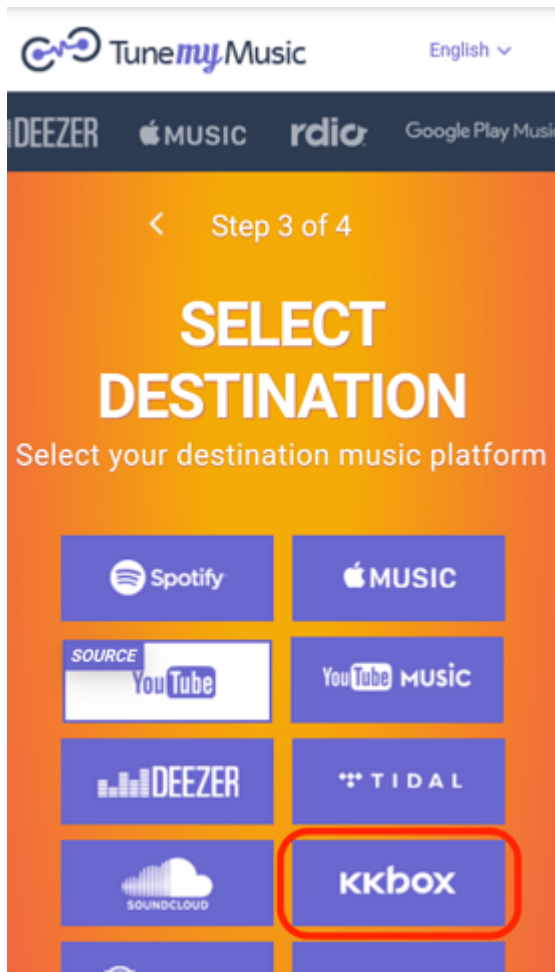

3. Choose "Login to your YouTube account" to connect to your YouTube account.

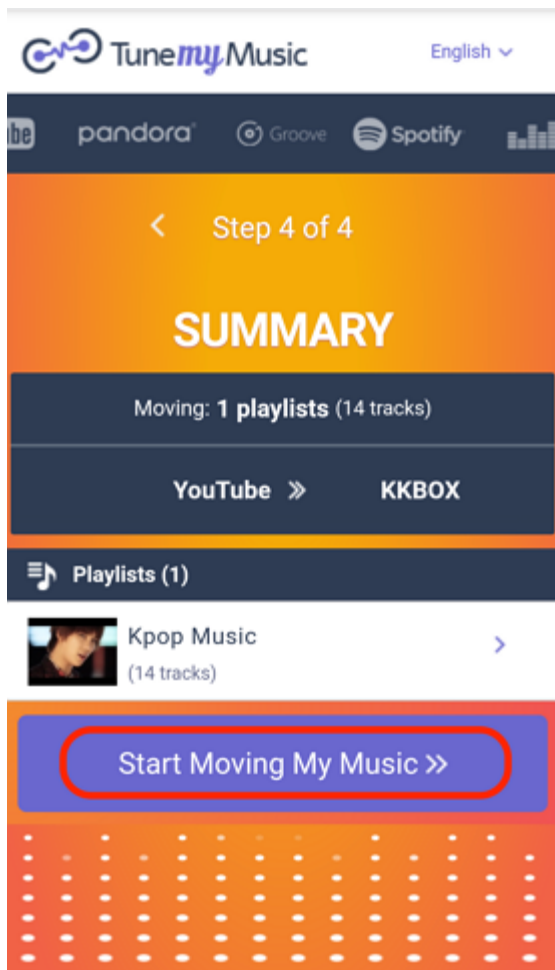

4. Select the playlist(s) you want to move/import and click "Next: Select Destination".

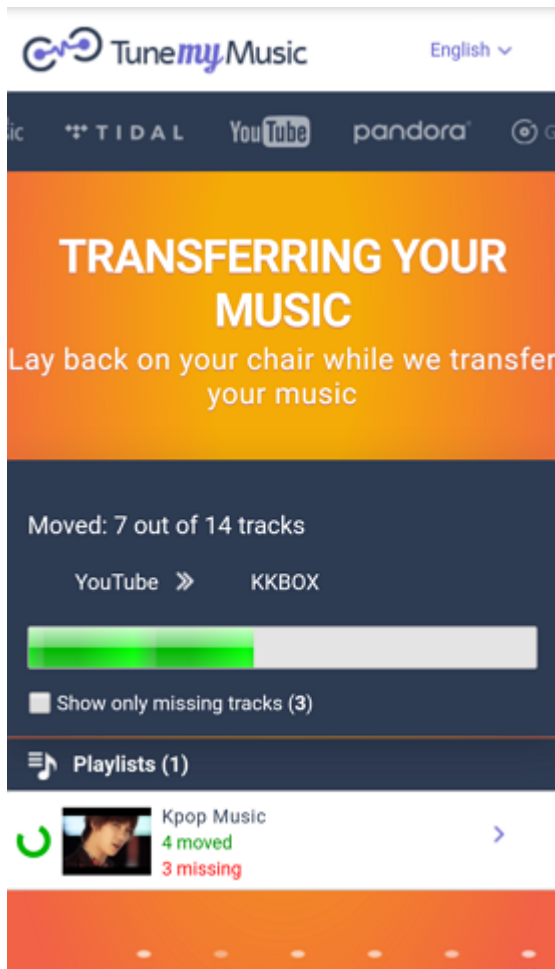

5. Choose KKBOX as the destination platform and log in to your KKBOX account.

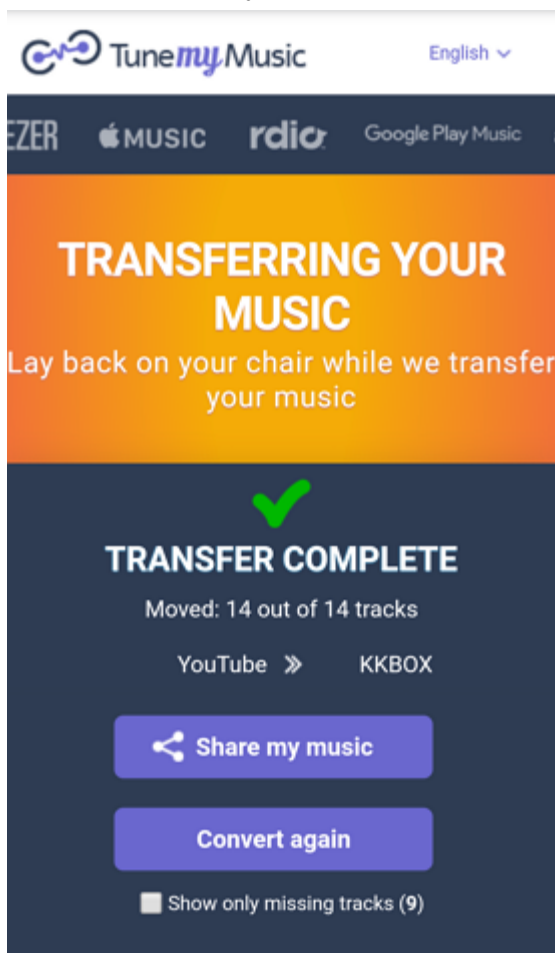

6. Choose "Start Moving My Music".

7. When it's done, you will see "Transfer Complete".

8. Open your KKBOX and you should see the transferred playlist.
